Dear Friend:

Congratulations . . . You have started your original *Tamac* dinner set. Look on the other side of this sheet for the complete line of refreshing designs. They are available in open stock from the dealer from whom you purchased this set.

# *Tamac*

. . . presents a unique dinnerware designed to please YOU. We do not let our own convenience rule our choice of designs. Instead, we form every piece to fit your hand, nestle for easy storage, and to hold plenty of food or drink. *Tamac* is made to use. We also deviate from conventional outlines. Our modern free-form shapes subtly change when viewed from different angles. You will never tire of them nor our refreshing "Avocado" greens. Here's to many moments of dining pleasure!

P. S. Try doubling up on many *Tamac* pieces. They are fun to use as "different" flower containers, console sets, fruit centerpieces, and even mixing bowl sets.
