DECANTER SET

Versatile—Adaptable—Useable
Available in Frosty Pine, Frosty Fudge

Although TAMAC is called a pottery, it is, truly a high quality China. Because of this fact, you will enjoy many features found only in using china dinnerware. Even though it is china, you can use any of the bowls in your oven. We do not claim that it is unbreakable, but we do know that you will be extremely pleased with the years of service it will give you.

Once you have used TAMAC you will be so impressed that you will want it from that moment on.
